Apple Removes Fortnite, NEW Apple Watch iPad Coming Very Soon, Apple One Subscription Bundle.. To get around that, Control-click the relevant app in Finder, select Open, and click Open in the subsequent warning dialog box.. I even created a new player disk via the game menus, created party members played a while and then went back and savedexit no problem.. dsk isnt write protected (read only set on the file) You could however get around this using the save state feature I think the short cut in Applewin is F11 f12.
